

Technology Merit Badge Academy

Fact Sheet

Purpose: The Academy is a STEM (Science, Technology, Engineering, and Math) initiative of the Moraine Trails Council Boy Scouts of America. It will be an opportunity for middle school and high school age Boy Scouts and Venturers to pursue a STEM related merit badge, many of which are difficult to find a counselor for.

In addition, the Technology Merit Badge Academy is designed to foster an interest in careers by introducing youth to the careers and skills some local employers seek. The youth will spend a day at BC3 earning a merit badge in their field of interest. Cost covers lunch and facility use. Core badges are listed. Any new badges will be announced on the website.

Look for details and prerequisites on the Council website on March 1, 2018 at morainetrails.org.
