## *NYLT is....*

NYLT is a week-long outdoor experience for current and future troop and crew leaders. NYLT parallels the program month of a typical Scouting unit.

It presents leadership skills in multiple formats providing the opportunity for participants to live and practice these leadership skills. Virtually all of the training is conducted by the youth staff. The course follows BSA's National Youth Leadership Training Curriculum.

### ***How is the course set up?***

*At NYLT, a temporary training unit is formed and is used extensively throughout the training. Patrols are on their own to set up campsites, cook some meals and carry out other activities without direct adult supervision. An experienced youth guide is assigned to each team, to advise and be a resource to the participants throughout the learning process. The patrol setting provides an opportunity for participants to practice the newly learned skills. Course instructors will help guide this learning. The training guidelines and rules are the same for those found in the Scout Oath and Law, the Outdoor Code, and other national and council practices and procedures.*
